An appointed member of this committee will be available at each event. Also, a minimum of 3 committee members will be required to be at each event to rate riders. New members are required to fill out a self rating form and will be allowed to ride at their first event under this rating. Once the committee has reviewed the rider's rating form and watched this rider compete, they may be re-rated as necessary. The rating committee has the option to change the riders rating within the first two events of the season or within the first two events that a rider has completed, beyond this the rider's number stays the same for that event season. Everyone must have a number to compete in a number

division event. Borderline riders are given the “advantage” of the lower number. This enables that rider to ride with higher number riders.

A new member or permit rider, without a rating, will let the secretary or treasurers know that they have not been rated. They will then give these names to the rating committee for rating, and the rider will be notified so he/she can put his/her numbered team together.

Arena Directors will not be responsible to check team’s numbers prior to the event. That responsibility lies with the team! The Arena Director will check your number at payoff time, and a team rated over the event limit will forfeit all money. In these cases, places and moneys will be redistributed to the next place team.

APPEALS: Members may appeal their official rating in writing. Appeals shall be mailed to HDTPA. **NO PHONE APPEALS WILL BE ACCEPTED!** Written appeals shall include the correct name, address, requested number change and a brief explanation of why an appeal should be granted. The rating committee chairman will document all appeals and will give all the information to the committee for a decision. **NOTE:** A filing of an appeal does not guarantee a number change. Members will be notified of number changes in writing, a phone call, or on the list in the HDTPA newsletter.
